

N762

Product Datasheet

N762 is a carcass grade carbon black characterised by lower surface area and lower structure.

APPLICATIONS

- ◆ Inner liner of tyres
- ◆ Class B profiles
- ◆ Hoses
- ◆ Timing belts
- ◆ Drive belts
- ◆ Mechanical rubber goods
- ◆ Gaskets
- ◆ O-rings
- ◆ Plastic masterbatches

PERFORMANCE

- ◆ Provides high resilience
- ◆ Offers good bending resistance

TYPICAL QUALITY PROPERTIES

Property	Unit	Typical value
NSA	m ² /g	29
STSA	ml/100g	28
COAN	Tint Unit	59

PACKAGING

Packing Type	Quantity
Paper bags	25 Kg per bag
Bulk bags	1250 Kg per bag

PRODUCT FORM AND SAFETY DATA

- ◆ Product is available in the form of pellet with a lesser fine percentage
- ◆ Safety data sheet provides the guidelines for handling and usage
